Save
Finish

To activate a service, click Activate and assign at least one project admin to the service. More ▾

Copy Project settings: Master Quality Template

☑ Include Companies ☑ Include Locations

You may copy project settings (custom fields, templates, issue types, root causes, etc.) from a Field project, or start a brand new project.

Use **Copy Project Settings** as you activate the Field service on your project to copy settings such as templates, issue types, custom fields, etc. to your new project

Select the project that you want to copy from and optionally choose to also copy Companies and Locations.
